ABOUT ME

Bachelor of Information technologies, University of Džemal Bijedić in Mostar. Currently employed as a Full Stack Developer (.NET Core and Angular). During my studies at the university my goal was to be one of the best engineer's and I was willing to dedicate hours and hours to fulfil my goal. Some of my interest include software development using the principles and methodologies of user experience design, web and mobile application design. Skilled in backend and frontend development. Strong fundamentals understanding the principles of object-oriented programming (OOP).Currently my main focus is on .NET Core, Angular and SQL but also I am interested in learning and applying new technologies and tools.
